VOLUME 3, ISSUE 9.

September 2008

Plenty of events and news to report for September. The Nevada Remote Viewing Group has relocated to Dorset, changing their name to the Wessex Remote Viewing Group www.remoteviewingnv.com. The Unicorn Centre has moved from Chard to Ilton near Ilminster www.unicorncentre.co.uk and we welcome the association of the Somerset Earth Mysteries Group and the College of Psychic Studies with the network www.collegeofpsychicstudies.co.uk

In addition to an article by Nigel Blair who co-founded and for 25 years co-ordinated the activities of the WRGNetwork, this newsletter contains details of a new dowsing academy, an interactive healing event and book reviews.

The latest addition to the on-line lecture archive is; the Paradox of Mysticism by Irina Tweedie, with 'Our Real Home' by the Venerable Ajahn Chah the latest addition to the article archive.

A New Planetary Epoch by Nigel Blair

In these exciting and crucial times, great enterprises are being brought into being, and others long planned are coming to fruition. People are being brought together in extraordinary and meaningful circumstances by synchronistic guidance, as if a hidden intelligence were arranging things behind the scenes. We can guess at the inner meaning of such events, but there is no way we can fully understand the intricate web which links us invisibly together, much less divine our ultimate destinies.

Yet the constantly emerging outcomes of these mysterious links reassure us continually of the magnificent inspiration behind it all. We -- through our own free choice -- are part of the planning process, and of some sort of chain of command, but necessarily are only dimly aware of the overall scheme. Networks are a way of externalizing, or manifesting in the physical, the great operation that is now under way on Planet Earth. This is nothing less than the rebirth of the human, animal, plant and mineral kingdoms of the planet on a new, higher level.

The old infrastructure will not suddenly cease to be. All that is positive from the past will continue to be relevant and operative, and will stand as a pillar of support and inspiration throughout times of crisis and trial.

But the new must be given space to come in and prepare the way for the next phase of humanity's evolution here on Earth. This phase is the beginning of what the Tibetan Teachings of Shambhala have sometimes referred to as the Age of the Heart, and we in the West often as the Age of Aquarius, the age of the group or of the consciousness soul.

Essentially, this is the epoch in which we humans come together in inspired groups in a spirit of unconditional love, with no dogma or binding attachments, but in free and open gatherings of goodwill and sacred resolve. In this way our power for good is multiplied many times. It has been said that there is no limit to the good we can do if we don't care who gets the credit. Concepts such as credit and debit belong properly to a bygone age. They belong to the limited paradigms of profit-making, retributive reckonings and numerical assessments.

Let us now move on to a new and invigorating era of open decisions openly arrived at, shared inspirations, creative visions, universal compassion and unobstructed spiritual ideals. Only in this way can we do any sort of justice to the great epoch into which Mother Earth, and the very Solar System of which it is part, are inexorably moving.

The Planet of Love – An Evening of Interactive Healing through the Heart

September 14th sees the staging of a new event in Frome organised by the West Wessex Healers. For anyone wishing to work unconditionally through the heart with the impulse of love it is a wonderful opportunity to participate in an evening of planetary healing, working together with sound, light and spiritual beings to raise the energetic vibration of Planet Earth.

Participants present in the physical (3rd) dimension will work in partnership with those in other dimensions, linking through the use of sound (crystal and Tibetan bowls) as well as light, to help raise planetary resonances. Even if you cannot make the event, make a wish for the Earth or yourself in relation to the Earth on that evening. For further information telephone Marina King (01373 466391) or email Robert Mulliss at rmulliss@talktalk.net

Book Review: Life in Our Solar System by Nada-Yolanda

During her lifetime Gloria Lee Byrd (1926-1962) was a prophet or channel who relayed inter-dimensional communications to Earth from the higher realms. Ten days after her death she made contact with Nada Yolanda herself a primary channel at Mark-Age.

Life in Our Solar System contains the details of thirty different channellings on subjects that include next life experiences, what happens and how to adjust in the transition from this plane to the next, man's spiritual nature and heritage, eternal life for everyone and life on other planes and planets. For further information about this and other books from Mark-Age; log on to www.thenewearth.org/markage.html

Academy of Dowsing

A new dowsing academy based at Caterham in Surrey opens its doors to students this month. The academy is the brainchild of two professional dowsers and teachers Adrian Incedon Webber and David Lockwood.

The courses are aimed at helping students to become Earth Healers (geomancers), to deal with geopathic stress and to generally improve their knowledge of dowsing. Geopathic stress is something that can affect us all and most of us are unaware of the associated illnesses and how to deal with them.

The Foundation Dowsing Course begins in September at Caterham Community Centre. It covers many aspects of dowsing including the use of instruments ('L' rods, pendulum, aura meter, bobber and 'V' rod etc) dowsing techniques, dowsing for health issues, how to ask clear and concise questions, ethics, psychic protection, practical applications, exploring energy fields and leys, information dowsing, map dowsing, use of a witness, history of dowsing, space and detrimental energy clearing.

For further details about the academy log on to www.dowsingspirits.co.uk, telephone Adrian on 01483 421922 or email him at dowsingacademy@fastmail.fm

"Now our image of the goal changes: not Enlightened Man, who sees, the seer, but Transparent Man, who is seen and seen through, foolish, who has nothing left to hide, who has become transparent through self-acceptance; his soul is loved, wholly revealed, wholly existential; he is just what he is, freed from paranoid concealment, from the knowledge of his secrets and his secret knowledge; his transparency serves as a prism for the world and the not-world. For it is impossible reflectively to know thyself; only the last reflection of an obituary may tell the truth, and only God knows our real names." --James Hillman.
