Boundaries – and Beyond Unfolding Intuition

By Carol Fraser

We can all feel the need for intuition. Our normal intellect does not offer us an adequate opening to the truth, to the fullness of reality. It feels like a boundary that we cannot easily cross. We know that we cannot trust a great deal of what is told to us about ourselves or about the world.

How can we develop that immediacy of knowing that will empower us to act in a relevant and love-filled way? It may well become vitally necessary in the near future for great numbers of people to come together in one moment of intuition to save our planet and our evolutionary future from those who would only exploit, plunder and destroy. "The truth lies in ourselves" we might be told, but that place of truth in us is mostly hidden behind the boundary of our habits, thoughts, emotions and a whole host of automatic responses of which we are largely unaware.

Our kernel of being, the light seed "I-AM" is boundless, eternal and in oneness with the source of all life. To enter earthly existence it had to take on form through embodying itself in sheathes of earthly substance. These sheathes, subtle and physical bodies, serve as protecting boundaries for the light-seed to grow and blossom within our space/time reality. But it wants to shine through all the layers and sheathes of our earthly nature, purifying and illumining it so that our divine nature can manifest itself. The "I-AM" lives in the eternal NOW. A practice recommended by many teachers today is to call ourselves constantly into the present moment, interrupting the flow of our conditioned responses and habitual activities.

The lightning flash JUST NOW can be infinitely deepened. All truly spiritual and artistic creativity, even love itself, can only really happen in the place of NOW. That infinitesimal gap between the past and the future can become a vast spiritual space no bound into, but

touching our normal time/space consciousness. This we can truly call the space of NOW.

Just as the lightning flash will illumine for an instant a whole landscape, so in the one instant of JUST NOW our central consciousness can grasp the full reality of the present moment, not only the complexity of a situation but also the many layers our own being that we have managed to awaken.

It is this ever deepened living in the present moment that liberates us from anger, bitterness, sadness, boredom and all afflictions of the soul. In this moment of content-free awareness, we are capable of experiencing true beauty and love, and ultimately of penetrating the great mysteries of life. A real spiritual training will enable us to purify our whole being which mean that many hidden capacities can light up. We begin to know access the intelligence of our heart and will, and to understand what the chakras, the life forces and the body can impart to us. Purity is necessary to protect us from all illusion, for instance from mistaking suggestions from unconscious regions, from the egoistic personality, for intuition.

Boundaries – and Beyond Unfolding Intuition (continued)

By Carol Fraser

An intuition engaging our whole being, in one lightning moment places us in a state of complete knowing without having to go through a step by step thinking process.

An essential basis for this is clarity and integrity in our thought-life and an unfolding of the forces of the heart. This could bring about a sudden enhancement and expansion of consciousness for those who are duly prepared.

Many conditions on Earth and in the cosmos may change, the time structure, the rate of our heartbeat, for instance. The boundaries that constitute our normal sense of security may no longer be there. This could throw many people off-balance or it could become a time of wonderful awakening.

The power of the awakened "I-AM" will carry us through these changes in the best possible way. Furthermore it will give us the capacity to meet and work with others in free community. The boundaries that separate u from others dissolve as we meet them in the light of the I-AM, beyond the limitations of the earthly personality. Such communities, working in love and full understanding can receive powerful intuitions and forces.
